With the High Holidays just around the corner, now is a great time to start to prepare for them. This class will offer information and insights into High Holiday services to make them a more meaningful experience. Learn how Rosh Hashanah and Yom Kippur services can become more of an active rather than passive experience for you, enabling a deeper level of personal transformation.

Next Year In Jerusalem—Really?!

Saturday, September 30th - 3:30pm

We conclude Yom Kippur services and the Passover Seder by joyfully declaring, “La-Shana Habaah b’Yerushalayim/Next Year in Jerusalem!” What does that expression mean today, after the creation of the modern State of Israel? What did it mean for our ancestors? How can it help us find meaning in the High Holy Days and the year to come? Join Rabbi Sarah as we learn about the expression, “Next Year in Jerusalem.”
